Justin Gelhaus
(Owner/ Photographer)

about me

Photography has been something I have enjoyed since I was a child.

I got into Motocross photography in 2016. I was injured at the time but had a strong connection to the sport, so I grabbed my wife's canon and headed to the track. I Learned a lot and began running a photo business. At the time it was only motocross. In 2022 My mother (whose a real estate agent) asked if i could help her and shoot a house. I was fascinated in this form of photography. I began shooting homes regularly. I'm Always learning and am currently enrolled in NYIP. Enjoy this portfolio which showcase's my best real estate shots.
